Re: Grant #2246

Dear Dr. Gudas:

The Scientific Director and CTR's staff have discussed your letter of May 8 concerning partial support of the Northeast Regional Conference on Developmental Biology to be held in Wood's Hole September 24-27, 1987.

The sessions contain topics of interest to the Council, and the list of chairpersons suggests that the quality of the meeting will be very high. We consider support of such conferences important to our mission. I therefore am pleased to tell you that we will make a contribution of \$1,000.00 to help defray the costs of the symposium. A check for that amount is enclosed with this letter. It would assist in our record-keeping if we could have a short written acknowledgement of the contribution.

We request only that these funds not be used to reimburse expenses incurred by participants from the industrial sector. We also would very much appreciate it if the conference organizers would hold open one registration slot for possible attendance by a representative from this organization.

Sincerely,

Harmon C. McAllister
